Dear Mr. Zergiebel:

On behalf of The Kennedy Center Board of Directors, staff and clients, thank you very much for the wonderful job you and Janet did in designing our new Kennedy Center website. We are all very pleased with our new website as it will enable an unlimited number of people to learn more about our organization and the quality programs we provide to individuals, from birth to seniors, with special needs. Of course, in addition to our rehabilitation programs, our various business services, in the areas of catering, mailing services, landscaping, etc., are now more accessible to a much larger population.

We have received a great deal of favorable feedback from our friends and benefactors, and I am confident everyone who accesses our website will be impressed with its professional and creative design.

Thank you again.

Sincerely,

Martin D. Schwartz
